

Acknowledgments

The members of the Interstate Technology & Regulatory Council (ITRC) Quality Considerations for Multiple Aspects of Munitions Response Sites Team wish to acknowledge the individuals, organizations, and agencies that contributed to this guidance document.

As part of the broader ITRC effort, the Quality Considerations for Multiple Aspects of Munitions Response Sites Team effort is funded primarily by the U.S. Department of Defense.

The Quality Considerations for Multiple Aspects of Munitions Response Sites Team greatly appreciates the efforts of the team members who provided valuable written input in the development of this technical and regulatory guidance, as well as those who reviewed and commented on this document. A full team list is provided in Appendix A.

The team recognizes the efforts of the following personnel who contributed to content development of this guidance:
